

# Bar/Bat Mitzvah Celebrations

## *We love to party!*

The Music Masters Bar/Bat Mitzvah celebrations offer a unique and fun entertainment experience. With years providing a host of services at many events throughout New England, we understand what it takes to make a successful party. Whether you're looking for just a DJ, or want an elaborate video presentation, our experienced crew knows what to do. This talented group of individuals will organize the sequence of events, motivate your guests, and make sure everyone feels welcome and special.

## *Just what you want*

Our primary focus is on the guest of honor and the kids. We do lots of fun stuff. We have our own original games and can also play any of your favorites. Dance contests are always a hit and we can teach all the popular moves. The adults are never left behind and our musical selection allows everyone to enjoy the party together. With our detailed party planning worksheets we make it easy to customize your event and reflect your individual tastes. Your party is done your way.

## *It doesn't get any better*

We design and assemble our own state-of-the-art sound, lighting, and video systems. Our digital music libraries let us take your requests and find and play any song that was ever a hit in 15 seconds! We can even do the same for karaoke! With our broadcast video dance parties, it's like having your own personal television studio. No other production company comes close to our technical ability and expertise in producing a show that is truly cutting edge.

## *Do we fit?*

Call for a free no obligation, in-home party planning consultation. We'll talk about your plans and listen to your suggestions. We know there are many good entertainment options from which to choose. We are one of them. We appreciate you taking the time to learn about us and would love the opportunity to create a realistic vision of what you can expect when hiring The Music Masters.
