

Thank you

Bill and Linette,

Thank you so much for being DJ and videotaping our wedding for us! All of our friends keep telling us that our wedding was such a great dance party and they had so much fun. Erick and I barely left the dance floor either, so you certainly did your job of keeping it full throughout the night. Our video has been so much fun to watch too! You captured all the great moments + don't think you missed anything - its so great to have it all on tape. Thank you both for everything. You did a fantastic job and we were very pleased the whole night. Thanks for helping us make our wedding a success!
